

Technical Officer – Water & Sewer

\$67,447 - \$74,529 (Superannuation Guaranteed)

3.25% Salary Increase in July

Full time – 35 hours per week

We have an excellent opportunity for a Technical Officer in our Water & Sewer Section. You will hold relevant experience and be able to provide technical and administrative support in relation to the water and sewer networks, trade waste, asset management and minor project work.

The successful candidate will have qualifications in an engineering or plumbing field and have demonstrated experience in the operation and maintenance of water and sewer networks, the application of trade waste policies, and sampling and testing. Knowledge of backflow prevention programs and radio network telemetry systems will be highly regarded.

As a condition of the position, the incumbent will be required to participate in the on-call roster in the role of Duty Officer.

QCC is one of the fastest growing Councils in New South Wales. We offer a friendly working environment in an organisation that is continuously evolving. With over 380 staff, we are responsible for rural, residential and industrial land. Over the next 25 years our population will increase by approximately 30,000 resulting in a significant increase of services for the community and opportunities for Council staff.

Queanbeyan offers affordable housing, relaxed lifestyle and is only two hours away from the snow fields. Please feel free to visit www.visitqueanbeyan.com.au to access regional and tourist information.

For further information please contact Abdul Abbujubbeh on (02) 6285 6982

Intending applicants must first obtain an information package from either Council's website at www.qcc.nsw.gov.au, or by contacting the 24 hour answering service on (02) 6285 6576. Local Government (State) Award 2010 conditions apply.

Gary Chapman
General Manager
