

Senior Business Analyst – TechnologyOne/Assets

\$114,918.44 - \$126,982.96 per annum (plus 9.25% superannuation)
Full-time - 35 hours per week

If you are a senior analyst with extensive TechnologyOne experience as well as accounting knowledge particularly in the field of asset management, then this could be the opportunity for you to find your wings and soar.

Council is seeking to employ a Senior Business Analyst with significant experience working on an end-to-end business process, re-engineering or business transformation initiatives, specifically within a TechnologyOne environment. If you are a strategic thinker with strong and proven analytical skills, a proven ability to critically assess business problems and can lead teams and stakeholders towards successful solutions, then we would like to hear from you.

The successful applicant will play an important role in the strategic visioning and capability building of Council's TechnologyOne product suite and Asset Management Systems as well as the associated business practices and feed in systems.

Queanbeyan City Council is one of the fastest growing Councils in New South Wales. We offer a friendly working environment in an organisation that is future focused and continuously evolving. We have a flexible working environment, ongoing development opportunities and value the involvement of all our staff as we continue to grow.

Further information can be obtained from Will Adams on (02) 6285 6533. **Applications close 4.00pm, Monday 16th December 2013.**

Intending applicants must first obtain an information package from either Council's website at www.qcc.nsw.gov.au, by emailing: recruit@qcc.nsw.gov.au or by contacting the 24 hour answering service on (02) 6285 6576. Local Government (State) Award 2010 conditions apply.

Gary Chapman
General Manager

Queanbeyan City Council is an equal opportunity employer and encourages applications from Multicultural and Aboriginal people. Council employees enjoy free parking and a dynamic, safe and smoke free healthy working environment.
